

Activities of RotB this year have included, but have not been limited to:

- 40+ issues of **The 77% Weekly** to nourish spiritual-religious hunger reaching thousands of people
- Sending thousands of personal responses to every email about a particular newsletter as well as keeping up a Facebook presence
- Teaching clergy seeking to learn the tips and techniques Rabbi Brian's uses with regard to helping adults come to an understanding about (the) God (of their understanding)
- Providing general spiritual-support to dozens of people in slight crisis
- Serving as an on-call chaplain to people calling or emailing because of grief, anger, and loss
- Running a very small ministry to adults in custody
- Creating online content to help nourish spiritual hunger and free people religiously

RotB is a tax-exempt, for-social-change organization. All U.S. donations are fully deductible, of course, talk to your lawyers and accountants. (Canadian donations are appreciated, eh, but not so easily deducted.)

All contributions will be listed in the last annual issue of **The 77% Weekly**:
